MEDICINAL.

Oh, My Back!

That's a common expres-
sion and has a world of
meaning. How much suf-
fering is summed up in it.

The singular thing about
it is, that pain in the back
is occasioned by so many
things. May be caused by
kidney disease, liver com-
plaint, consumption, cold,
rheumatism, dyspepsia, over-
work, nervous debility, &c.

Whatever the cause, don't
neglect it. Something is
wrong and needs prompt
attention. No medicine has
yet been discovered that
will so quickly and surely
cure such diseases as
BROWN'S IRON BITTERS, and
it does this by commencing
at the foundation, and mak-
ing the blood pure and rich.

Logansport, Ind. Dec. 1, 1880.
For a long time I have been
suffering from stomach and kidney
disease. My appetite was very poor
and the very small amount I did eat
disagreed with me. I was annoyed
very much from retention of urine.
I tried many remedies with
no success, until I used Brown's
Iron Bitters. Since I used that my
stomach does not bother me any.
My appetite is better, and my
kidney trouble is no more, and my
general health is such, that I feel
like a new man. After the use of
Brown's Iron Bitters for one month,
I have gained twenty pounds in
weight. O. E. SARGENT.

Leading physicians and
clergymen use and recom-
mend BROWN'S IRON BIT-
TERS. It has cured others
suffering as you are, and it
will cure you.

Some Remarks on Labor, &c.

(Correspondence of the Alexandria Gazette.)

SALEM, Fauquier County, Va., June 13.—

Every now and then some fellow gets up
and yells, proclaiming to all who will hear,
"I am the friend of the poor man." Often
they are but sorry demagogues, seeking
votes at the expense of the country's
welfare. The talk of the hard times, of
the laboring class of farm hands, is all gam-
mon, where the man himself does his duty
by his employer. I will cite my case—that
of thousands in this country. The 1st of
January we, my wife, four children and my-
self, "moved into" a nice, comfortable house,
with three rooms, a shady yard, and three
artesian of an acre for garden; had nothing
but a little furniture and a few fowls, not
even supplies for two days on hand. On
the second day our boss issued me a barrel
of flour, one bushel of meal, and meat
enough to last my family well for a year;
put a cow—a real good one, too,—in my
charge—he feeds her and all the milk goes to
the use of my family. Remember, I have
not struck a lick, for my employer yet. He
merely trusts me. Ever since in his time,
I have hauled my wood, and worked my
garden—a better hard to find. I am to
get another barrel of flour; he furnishes
me all the meal I will need. If the cholera
does not come my fowls will bring me about
\$50; will also sell some butter and vegeta-
bles. My wife takes in sewing—say \$20
worth a year. At the close of every month
promptly I receive my wages \$10. Last
year we saved \$87; this year we have already
spent \$56. Rainy days after the stock is
fed, we are employed in the barn, so there
is no need of lost time. "By the way," work
is making very beggars of our laboring class
—the loss of time is so great, that, at the
end of the year they have made but few
working days, and of course were obliged to
spend during the idle days the little they
had worked for.

Working by the day we have to support
all our families—by the year the proprietor
supplies us. Some better hands than I
am get \$12, some \$13 per month. There
has been a great hue and cry gone
through our land to "go to Pennsylvania!"
It has taken a lot of young men away from
us. But, if the railroads and iron mines,
would lend to the farmers, for about forty
day, their forces, the wheat and lay crop,
would all be ready for market; then all parties
would get on very well.

To a certainty the railroads and iron
mines would not like to stop work—but
would it not be better, than having the
country suffer a great waste in its agricul-
tural products? Mr. Mahan's big about
bringing in the Chinese—should not wonder
if it would have been a very good thing—for
"de white folks" will be waited for—and
colored kin, especially the women, are so
fond of crowding into the villages, leaving
good country homes, and plenty behind them.

In my opinion, the politician who supplies
this State, with honorable workers—agri-
cultural as well as mechanical—he will be
the leading man among the people. Your
humble colored servant, ZACK.

N. R.—I came near forgetting to say that,
when we give our two days' work, on the
public roads, the master boards us, our
wives and our children all for nothing.

A good way to prevent ice from melting
has been suggested by Dr. Gangee in the
London Lancet. Instead of placing the broken
ice in the ordinary bowl or tumbler it
should be suspended in a piece of coarse
open flannel stretched across the mouth of
the bowl and allowed to fall partially into
it. The ice thus supported in the flannel
pouch had better be covered over with another
piece of the same material. Protected in
this way from the light and the water
formed by its own melting—which filters
through to the bottom of the vessel—it can
be kept for ten hours.—Dr. Foote's Health
Monthly.

THE SCHEMING ELEPHANTS.—P. T. Bar-
num gives this anecdote in a lecture: Last
winter two of my elephants began shaking
with chills one morning. The keepers ran
down to the village and got six gallons of
whiskey. Hastily returning three gallons
were given to each elephant. They liked
the artificial warmth it superinduced. Next
morning when the keeper came to them he
found them shaking with night and main.
"No you don't be shouted," you are well
enough to-day," and they stopped shaking.

Oscar Wilde has made \$25,000 out of
his lecture, but none of his hearers could ever
make anything out of it.

MAYOR'S OFFICE, ALEXANDRIA, VA.,

June 12th, 1882.

Having ascertained from the Auditor this morn-
ing that only one hundred and fifteen (115) DOG
LICENSES had been issued, and knowing that
there are five or six hundred dogs in the city of
Alexandria, I desire to give the owners notice be-
fore imposing any fine that any person having a
dog in his or her possession after SATURDAY
next, June 17th, will be fined \$5, besides being
required to take out a license. The police officers
have been instructed to report all persons having
dogs after the 17th instant.

Warner's Safe Kidney and Liver Cure is es-
tablished on just this principle. It realizes that
95 PER CENT.

Of all diseases arise from deranged kidneys and
liver, and it strikes at the root of the dif-
ficulty. The elements of which it is composed act
directly upon these great organs, both as a food
and restorer, and, by placing them in a healthy
condition, drive disease and pain from the system.
Healthy Kidneys, Liver and Urinary Organs; for
the distressing Disorders of Women; for Malaria,
and for physical derangements generally, this
great remedy has no equal. Beware of impostors.
